## California Performance Review

- Created by Governor Schwarzenegger to conduct a focused examination of state government to bring about a 21<sup>st</sup> Century Government that is
  - Innovative and Dynamic;
  - A Better Provider of Services, More Responsive, More Accountable to the People;
  - More Efficient, Effective and Transparent; and
  - Takes Advantage of New Technologies and New Ways of Doing Business

## The Focus

- Making government more efficient and more responsive to the customer
- Structure of Government Organization:
  - Utilize the Governor's Reorganization Process limited to the Executive Branch and reviewed by:
    - Little Hoover Commission
    - Legislature

## Making It Happen

- Assembled 14 Experienced Team Leaders
- 14 Teams ranging from Infrastructure, Health and Human Services to today's topics of General Government including Performance-Based Management, Personnel Management, Procurement and Information Technology
- Using a proven methodology by Billy Hamilton used in 12 times throughout government

# **The Resource Conservation and Protection Team**

- 200 Years of Experience
- Broad professional experience – past Department Directors, State Agency experience, Federal and Local government experience
- Analytical experience from air, water, toxics, solid waste, land conservation
- Scope from budgets to constituent affairs

## The Process

- Today's hearing is the sixth in the series and we look forward to the people's input to help guide California.
